"Meet the Team"

Bull Runner Mechanics Team

The Bull Runner Mechanics Team is an essential and integral part of the Bull Runner services offered at USF. Not only does the team maintain and fuel the Bullrunners, they also have the responsibility of assisting in the repair and maintenance of all Parking and Transportation vehicles: golf carts, vehicles, and of course the Bull Runner transit buses. The team works toward maintaining a 20 minute headway goal in between servicing buses.

The team consists of six members; Supervisor Glenn Dutton (14 years); Mechanics Tom Elh (8 years), Jim Denslow (6 years), and Kael Stead (11 months); Vehicle Maintenance Specialist Weston

From left: Weston Sapusek, Tom Ehl, Kael Stead, Glenn Dutton. Jim Denslow and Vaibhav Bilagi (Not pictured)

Sapusek (1 year); and Fueler Vaibhav Bilagi (3 months). The team has assisted in the overall conversion to new graphic standards and recently completed an annual maintenance inspection for all transit buses.

Thanks to the Bull Runner Mechanics Team, everyone on campus has access to the amazing transit system that USF provides.
