Overview

Graduation Rates Overview
The Graduation Rates component of the IPEDS survey collects data on the cohort of first-time, full-time, degree/certificate-seeking undergraduates and tracks them for 150% of the normal time of their program to see how many complete. This information is collected as part of the Student-Right-to-Know Act.
Data Reporting Reminders
Once a student is in the cohort, they remain in the cohort, even if they switch to part-time or drop out. However, adjustments can be made to the initial cohort for exclusions, which include the death of a student, permanent disability, military deployment, or an official church mission.

Establishing cohorts	
•**Report Hispanic/Latino individuals of any race as Hispanic/Latino**	
•**Report race for non-Hispanic/Latino individuals only**	

NOTE: Reporting using the new race categories is now mandatory. On this screen you will need to establish your 2006 cohort using the new race/ethnicity categories. For information and assistance with this, please visit AIR's Race/Ethnicity FAQ page.

In Column 19, report the number of bachelor's degree seekers who earned a bachelor's degree in 4 years. In Column 20, the number of bachelor's degree seekers who earned a bachelor's degree in 5 years. Column 21 will be calculated for you.

Section II - Graduation Rate - Transfers/exclusions

- In the columns below, report the status of the BACHELOR'S DEGREE-SEEKING STUDENTS reported in the subcohort in Column 10, who did not complete a program as of 150% of normal time to completion.
- Report transfers-out who did not complete a program in Column 30. If the mission of your institution includes providing substantial preparation for students to enroll in another eligible institution WITHOUT having completed their programs, you must report transfer-out data in Column 30. A school is required to report only on those students that the school knows have transferred to another school. A school must document that the student actually transferred. If it is not part of your mission, you may report transfer-out data if you wish.
- Report exclusions from the cohort in Column 45. The ONLY allowable categories for this column are:
students who died or became permanently disabled
students who left school to serve in the armed forces (or have been called up to active duty)
students who left school to serve with a foreign aid service of the Federal Government
students who left school to serve on an official church mission
- Column 52 [No longer enrolled] will be calculated for you. This includes students who have dropped out or who completed in greater than 150% of normal time.
- If you do not have any values to enter in either Columns 30, 45, or 51, you must enter at least one zero in a field on this screen

Summary

2012 IPEDS Graduation Rate Component Data Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the ExPT and sent to your institution's CEO in November 2013.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Perform Edits	Your institution reported offering other undergraduate degrees or certificates besides a bachelor's or equivalent degree on the IC Header survey, but you have not reported an other-than-bachelor's-seeking subcohort. Please explain. (Error #4210)	Explanation	Yes	
Reason:	The Florida Board of Governors (BOG) populates this IPEDS survey with data from the University of South Florida (USF) System. The University of South Florida St. Petersburg (USFSP) is a part of the University of South Florida (USF) System. USFSP does not admit, advise, enroll or matriculate to an Associate's degree/certificate. However, as part of the USF System, a USFSP student may apply to USF for an Associate's degree/certificate and since the USF student information system is maintained by USF -- if such a degree/certificate is awarded by USF then that information is posted to the files that USF submits to the BOG. Apparently, there were no awards of this type for this reporting period.
